

# ALPHA KOGYO K.K

## Product and technology information

We are specialized in the repairs of heavy and light machine foundations that may involve re-grouting works, cracks, and cold joint epoxy injections; including the repairs of civil engineering concrete structures and new construction of LRT railway tracks.

Methods of applications include : The crack and cold joint injection repairs of concrete structures by high pressure and low pressure methods; Strengthening of concrete structures like bridges, elevated highways and buildings using systems of carbon fiber sheets and plates; as well as aramid fiber sheets.

## Company Introduction

We have unique and innovative products and skills. Where the product and technology do not presently exist, Alpha Kogyo KK is uniquely positioned to develop the products, tools and techniques necessary to meet the customer demands and requirements.

Developed more than 100 types of polymer -based adhesives and grouts together with the suitable construction methods.

Currently, with 26 registered patents. One of our important patents is "Reinforcing/repairing method for concrete structure having cracks and penetration type adhesive composition for it" ,using the world's first microcrack adhesive, ALPHATEC380.

## Others (Comments)

We expand our field by patents and certifications. As an example is the adhesive for the manufacture of building construction materials wherein the Alpha Kogyo product is the first authorized Japanese cedar integrated wood adhesive by the government in 2011 ; and for the Japanese cypress was authorized in 2017. Patent is registered.

## Company Information

**Industry** Develops, manufactures and sells polymer-based industrial adhesives and grouting materials.

**Corporate name** ALPHA KOGYO K.K

**Representative** Yukihiro Oigawa

**Capital** 30,000,000 JPY

**Number of Employees** 30

**Person In Charge** Keisuke Oigawa

**Head office** 1-1-51 Suehiro-cho Tsurumi-ku Yokohama 230-0045 JAPAN

**Main phone number** +81-45-500-0500

**Web address** <https://alpha-kogyo.com/>

**Established date** September 10,1977

**Acquired Certification** 26 patents, Yokohama-ChizaiMirai Company, Yokohama Model Regional Contribution Company, ISO9001:2015 , etc.

**Main Clients** IHI Infrastructure Systems Co.,Ltd / Ebara Corporation / Shimizu Corporation /National Research and Development Agency / JR Tokai Corporation / JFE Engineering Corporation / Central-NEXCO Technical Marketing Company Limited / Hitachi, Ltd. / Mitsubishi Heavy Industries, Ltd. / etc.

**E-mail** [alpha-kogyo@alpha-kogyo.co.jp](mailto:alpha-kogyo@alpha-kogyo.co.jp)
