

# Keisenkiki Co., Ltd.

## Product and technology information

Design and manufacturing of Hydraulic Cylinders mainly used for construction equipment.

We have long-experienced skill in long-piece processing using lathe and inner diameter machining for size from  $\phi 40$  to  $\phi 160$ .

## Company Introduction

We have been in business for more than 40 years producing hydraulic cylinders.

We work closely with our customers from prototyping in the development phase through mass production to ensure full satisfaction of all delivery and quality requirements.

## Others (Comments)

Based on our core technology and capability, we have been expanding our product to other items to respond to our customers' demand.

## Company Information

**Industry** Manufacturing Industry

**Corporate name** Keisenkiki Co., Ltd.

**Representative** Kazumasa Ochiai

**Capital** JPY15,000,000

**Number of Employees** 35

**Person In Charge** Masahiro Ochiai

**Head office** 1-4-4, Fukuura, Kanazawa-ku, Yokohama 236-0004, Japan

**Main phone number** +81-45-783-5558

**Web address** <http://keisenkiki.com/>

**Established date** February 1977

**Acquired Certification** Eco-Action 21

**Main Clients** Kato Works, Hanamidai Auto, JFE Engineering, Mitsubishi Hitachi Power Systems
